Returned with compliments, to the Chief Secretary to Government

(2) It is ascertained from the Executive Engineer Water Supply Division that the Municipal Commissione Bangalore City Municipality has since furnished a statement showing the revised rental value of the several Government buildings in Bangalore City, which is reported to be still incomplete According to this statement, the water rate assessed on the -- Central College Hostel buildings is Rs 253-8-0

(3) The question as to how the water rate has to be collected and by whom, has yet to be decided on receipt of the statement from the Municipal Commissioner in a complete manner

(4) In this connection, it may be stated that the question at issue is the water rate on the Hostel building and not the "excess water charges" It does not appear that the water rate payable should be recovered from the boarders, present and past, but has to be paid from the University Funds The --- question of waiving the recovery of the water rate arrears need not therefore be considered The -- excess water charges are said to have been paid to end of February 1936 leaving a balance of Rs 86-15-9 only due for March 1936

SIR

V

With reference to your letter No L 4575/M1 158-34-2, dated the 12th December 1935, forwarding a copy of Government order No L 3608-10/M1 127-35-1, dated the 15th November 1935, regarding the water rate on Government buildings in Bangalore City and stating that the proposal to exempt the University buildings from the payment of the rate for the years 1933-34 and 1934-35 cannot be sanctioned, I am directed to state as follows

The Government grant for the University each year is fixed taking into account the estimated receipts and expenditure of the University for the year concerned For want of information regarding the water rate in respect of the years 1933-34 and 1934-35 no provision could be made in the budgets of those years for the payment of these charges In view of the request made in this office letter No 12336, dated the 2nd January 1935, no provision for any arrear payment has been made in the current year's budget I am however to state that in respect of the University buildings where Government funds are used for the payment, payment will be made after the revised assessment according to the order of the 15th November 1935 is intimated and attempts made to find the

amount required by reappropriation in the University budget, if possible But as regards the Central College Hostel, I am to state that water rate is an item of expenditure which is recoverable from the boarders for the time being by distribution Since it is obviously impracticable to make such recovery at this distance of time, I am to request that exemption from the payment of arrears in respect of the hostel may kindly be granted

I have the honour to be,

Sir,

Your most obedient servant,

Registrar
